### GOVERNOR NEVILLE SEEKS COMMISSION AS COLONEL

Governor Neville is no "slacker," he wants to go to the front, unmindful of the fact that he is chief executive of Nebraska and that he has a wife and three children. He seeks a commission as colonel of the Sixth Nebraska regiment now being organized, and if made colonel will resign as governor. We admire the governor's courage and patriotism; he has advised others to enter the service, he now shows his fealty to country by wanting to do just the thing that he encouraged others to do. Governor Neville in accepting a commission would sacrifice much—the companionship of his lovable family, the relinquishment of a post of great honor, the loss of financial gain; but these he has brushed aside in order to volunteer his services to his country.

Military life would not be entirely new to Governor Neville, for as a boy he attended a military school and remained until graduation.

If you must be a soldier, Governor, here's hoping that you will be colonel of the Sixth.

### EMPLOYEES WHO ENLIST HOLD INSURANCE BENEFITS

All employees on the Union Pacific system, who were given life insurance policies under the plan announced on the first of the year, will be protected under the terms of these life insurance policies should they enlist in the military service of the United States, or be called upon to serve as the result of the selective draft law. This advanced and patriotic action is announced in a bulletin just issued by President E. E. Calvin.

The effect of the announcement is that all employees, who have been in the service of the company for one year and who have enlisted in the military or naval service prior to May 11, will continue to enjoy the benefits during his entire service in the war.

### Recruiting Officers Coming

Recruiting officers for the U. S. Army will arrive tomorrow morning and will remain until Monday night. They will have headquarters on the second floor of the federal building. These officers have been at Sidney for several days and received sixty-eight recruits. Today will be observed as "recruit day" in Sidney, all business houses will be closed and the day will be devoted to entertaining the recruits.
